Dear Sir/Madam,

Kindly update under Upcoming Events

Title	Webinar on “ECOSTRUXURETRANSFORMER An Expert lecture from Schneider Electric”	
Department	Electrical and Electronics Engineering	
Date	From:12.10.2022	To:12.10.2022
Time	From:12.15Hr	To: 2:15 Hr
BriefDescription (4-5 Lines Max)	Steve McRae opened the webinar by providing the overview on smart grid and growing complexity of the energy landscape requires more intelligent, reliable, and sustainable grids. Our Sensformer portfolio supports grid operators in this path with reliable digital transformers that increase operational transparency and allow performance optimization through data aggregation, visualization, and analytics. We proudly introduced our latest upgrade on the concept: Sensformer Edge, a digitized transformer based on a smart, local approach. Also he explained why Ecostruxre Transformer is being covered in a standalone chapter for modern power system and reviewed the current research direction on modern grid integration with converter transformer
