

Title	<b>Demonstration of Measuring and Monitoring Instruments</b>	
Department	Electrical and Electronics Engineering	
Date	From: 29.06.2024	To: 29.06.2024
Time	From: 10.00 a.m	To: 5.00 pm
Brief Description (4-5 Lines Max)	Demonstration of Measuring and Monitoring Instruments with Fluke Meter, they can quickly measure voltage, current, and resistance to pinpoint problems. Electronics Testing: In electronics laboratory, digital multimeters are used to test and characterize components like resistors, capacitors, and diodes.
