Title	Industrial Visit	
Department	Electrical and Electronics Engineering	
Date	From: 28.05.2025	To: 28.05.2025
Time	From: 09:00 AM	To: 12.00 PM
Brief Description (4-5 Lines Max)	An industrial visit to BEML, Old Airport Road, Bengaluru, was organized for 99 students from the department, accompanied by 2 faculty members and 2 lab instructors. The visit offered a unique opportunity to explore the advanced manufacturing processes involved in the production of Metro Rail Cars for both Indian and international clients. Students observed the entire production cycle—from the fabrication of individual components to the final assembly of metro compartments. They also visited the Testing and Quality Control Department, where they gained insights into the rigorous standards and procedures followed to ensure product reliability and safety. BEML officials provided detailed explanations and addressed student queries with enthusiasm and clarity. The visit served as a valuable platform for students to: - Understand large-scale industrial operations and production systems. - Gain exposure to defense manufacturing and technological innovations. - Interact with industry professionals and supervisors for practical insights into real-world engineering challenges. The visit was highly appreciated by the students for its hands-on learning experience and its contribution to their academic and professional development.
