EVENT REPORT

Title	Expert Lecture on “Understanding on Cloud Practices”	
Department	Electrical and Electronics Engineering	
Date	From: 25.09.2025	To: 25.09.2025
Time	From: 11.00 AM	To: 1.00 PM
Brief Description	The Department of Electrical and Electronics Engineering organized an Expert Lecture on “Understanding Cloud Practices” held on 25th September 2025, Thursday, between 11:00 AM to 01:00 PM at Tejas Seminar Hall, NHCE Bengaluru. The session was conducted in association with IEEE NHCE Student Branch, IEEE Power Electronics Society NHCE SBC, IEEE Biometrics Council, and IEEE TEC. Mr. Duvvuri Naga Dayakara Reddy, Solution Architect, DXC Technologies, Bengaluru, served as the Resource Person for this lecture. With over 20 years of professional experience in cloud development and solution architecture, he brought valuable insights into modern cloud practices. The lecture provided participants with practical understanding of cloud adoption strategies, deployment models, and industry applications. He highlighted real-world use cases, challenges, and solutions in managing enterprise cloud systems. The session also included an overview of Microsoft Azure services, best practices in cloud security, and efficient resource management. The lecture was highly interactive and addressed common misconceptions about cloud practices. Participants appreciated his clear explanations, industry-driven examples, and practical approach to problem-solving in cloud environments. The feedback received was overwhelmingly positive and encouraging. A total of 100 students and 5 faculty members actively participated and benefitted from this session.
