

Department of Electrical and Electronics Engineering

## Workshop

# Intellectual Property Rights (IPR) and Significance of Technology Transfer

22 November 2025

09:00 AM - 05:00 PM

Tejas Seminar Hall

5<sup>th</sup> Semester Students

**J. E. Moshe Dayan**

DIPR (Patent Law and Management)  
Assistant Professor - EEE and Coordinator PSNA IPR Cell  
Government Certified Trainer for Mission NIPAM  
Member of eTISO-WIPO and Innovation Ambassador of IIC

**Prof. Veena M H**

IIC Coordinator

**Dr. R. Mohan Das**

IIC Convener

**Dr. S. Sujitha**

HoD-EEE

**Dr. Revathi V**

Dean - R&D

**Dr. R J Anandhi**

Dean - Academics

**Dr. Manjunatha**

Principal

## Department of Electrical and Electronics Engineering

### EVENT REPORT

Title	Workshop on Intellectual Property Rights (IPR) and Significance of Technology Transfer	
Department	Electrical and Electronics Engineering	
Date	From: 22.11.2025	To: 22.11.2025
Time	From: 9.00 AM	To: 5.00 PM
Brief Description	<p>The Department of Electrical and Electronics Engineering organized a one-day workshop on “Intellectual Property Rights (IPR) and Significance of Technology Transfer” on 22nd November 2025 (Saturday) from 10:00 AM to 5:00 PM. The event was conducted in association with the Institution’s Innovation Council (IIC), the National Intellectual Property Awareness Mission (NIPAM), and the IEEE Dielectrics &amp; Electrical Insulation Society.</p> <p>The workshop was facilitated by Mr. J. E. Moshe Dayan, Assistant Professor, Department of EEE, and Coordinator – PSNA IPR Cell, who is also a Government Certified Trainer, Mission NIPAM Member, eTISC–WIPO Contributor, and Innovation Ambassador of IIC. Mr. Dayan delivered an insightful and engaging session on the fundamentals and importance of Intellectual Property Rights (IPR). He explained patents, trademarks, copyrights, industrial designs, and trade secrets with practical engineering-related examples. He also highlighted the technology transfer process, its role in converting innovations into marketable products, and the significance of IPR in protecting such innovations.</p> <p>The workshop further covered early invention disclosure, prior art search, patent drafting essentials, and procedures for filing patents in India and abroad. The session was highly interactive, with active discussions on patentability, licensing, and research commercialization pathways.</p> <p>A total of 60 participants attended the workshop, and the feedback was overwhelmingly positive, reflecting the session’s effectiveness in strengthening IPR awareness and motivating participants to pursue innovative research with proper intellectual property protection.</p>
