EVENT REPORT

Title	Panel Discussion on Ecosystem Enablers Regional/National Setup	
Department	Electrical and Electronics Engineering	
Date	From: 17.07.2026	To: 17.07.2026
Time	From: 10.00 AM	To: 5.00 PM
Brief Description	The Department of Electrical and Electronics Engineering (EEE), in association with the Institution's Innovation Council (IIC), New Horizon College of Engineering, successfully organized a Panel Discussion on “Ecosystem Enablers – Regional/National Set Up” on 17th July 2026 at Tejas Seminar Hall from 10:00 AM to 5:00 PM. The session was conducted with the objective of creating awareness among students and aspiring entrepreneurs about the regional and national startup ecosystem, innovation support mechanisms, incubation facilities, funding opportunities, technology commercialization, and the role of ecosystem enablers in transforming innovative ideas into successful ventures. The panel discussion featured eminent experts from the startup and innovation ecosystem, including Mr. Vyasan V, Tech Entrepreneur, Mr. Dhanush D B, Technology Entrepreneur, Vayuvya Defence, and Dr. Sunil Hosur, Head, Vemana Business Incubation Centre, as the distinguished panelists. The discussion was effectively moderated by Dr. Mukul Manohar S, Professor and Associate Head – IIE, who steered the conversation by facilitating meaningful interactions among the panelists and engaging the audience through thought-provoking questions. The experts shared their entrepreneurial journeys, discussed the significance of innovation-driven enterprises, and provided valuable insights into startup incubation, government initiatives, industry collaborations, intellectual property, funding opportunities, investment readiness, and strategies for building sustainable technology-based startups. The interactive format enabled participants to directly engage with the panelists, seek guidance on entrepreneurship, and gain a comprehensive understanding of the innovation ecosystem at both regional and national levels. The event witnessed enthusiastic participation from students, faculty members, innovators, and aspiring entrepreneurs across various disciplines. The panelists emphasized the importance of collaboration between academia, industry, incubators, investors, and government agencies in fostering innovation and entrepreneurship. Through engaging discussions, real-world case studies, and practical experiences, the session inspired participants to pursue entrepreneurial ventures and leverage the support offered by ecosystem enablers for transforming innovative ideas into impactful solutions. The panel discussion successfully achieved its objective of promoting innovation-driven learning, entrepreneurial thinking, and awareness of the startup ecosystem while motivating students to actively contribute towards the vision of Startup India, Atmanirbhar Bharat, and a thriving innovation-led economy.
